The challenging coach must provide proof of ineligibility. If sufficient evidence is provided, WAVE Events will request that the challenged team provide proof of eligibility for age verification. WAVE Events will use the official roster in RegChamp to verify the date of birth for all-star teams before the event.

At the time of the challenge, the coach or owner must present a \$500 check payable to St. Jude Children's Hospital. If the challenge is deemed valid, the check provided will be voided. If the challenge is invalid, the fees will be donated to the hospital. All age challenges may ONLY be made the day(s) of the event. At that time, THE WAVE Director will research the possible age violation and provide an answer to the challenging team within 10 business days.

MUSIC GUIDELINES

Each program must have at least one representative at the music station during their team's performance. This representative is responsible for starting the team's music and stopping the music in case of technical malfunction or injury. We ask all programs to bring a minimum of TWO (2) copies of their music. WAVE Events will ONLY accept the following music types: iPods, iPhones & MP3 Players. **NO CDs WILL BE PERMITTED.** Please ensure all devices have a headphone jack that allows them to be connected to the sound system, are fully charged, have the volume at maximum level, are placed in airplane mode, and **DO NOT DISTURB MODE**. If your IPHONE or other device requires an adapter of any kind, you must provide the adapter. WAVE Events is not responsible for any adapters you need to play your music.

MUSIC GUIDELINES CONTINUED

ROUTINE INTERRUPTION

WAVE sound technicians and/or event staff will not be responsible for any labeling mistakes or poorly recorded music. They will assume no responsibility for the quality of the recording or its compatibility with the sound equipment. However, if your routine is interrupted by our equipment failure, the failure of your music equipment or by WAVE staff you will have the following options:

- Your team must perform their **routine full out** using your player or backup copy of your music. The team must perform the exercise again, **but judging will resume from when the injury/interruption occurred, as determined by the judges**. All point deductions accumulated to that point (if any) will carry over.
- Your team may use the original performance with the interruption.

INJURY INTERRUPTION: ROUTINE STOPPAGE

- The only individuals who may stop a routine for injury are Competition Officials, Gym Owners/Coaches from the team performing, injured individuals, and/or OCS Certified Safety Officials.
- An injured athlete may create a potential safety hazard because of the inability to hold, support, spot or catch. For the safety of all athletes competing, a routine may be interrupted if:
 - An athlete is injured.
 - An athlete is questionably injured and does not resume their role in the routine within 5 seconds of questionable injury.
 - An athlete leaves the competition floor due to an injury.
- If a routine is interrupted due to injury, the competition officials will decide whether that team will be allowed to perform again later.

ATHLETE RETURNING TO COMPETITION

- An injured participant/athlete may not return to the competition floor unless the competition officials receive clearance from all the representatives listed below:
 - Event Medical Personnel attending to that participant.
 - Parent/Guardian (if present).
 - Head Coach/Gym Owner of the competing team.
- In the event of a suspected head injury, the participant cannot return to perform without clearance from a licensed medical professional (MD or DO) who has training related to head injuries.

TEAM PERFORMANCE

If a team can perform again following a routine interruption, the new performance time will be at the sole discretion of the Competition Official. **The team must perform the routine again, but judging will resume from when the injury/interruption occurred, as determined by the judges.** All skills must be performed entirely from the beginning of the routine. All point deductions accumulated to that point (if any) will carry over.

If an injury occurs during warm-ups, WAVE staff will do their best to work your team back into the schedule, as close as possible to your original performance time within your division. Furthermore, it will be up to the WAVE officials to schedule your team's performance. The performance must be within the section performed, and the awards sessions must be followed.

SPOTTERS

To promote a higher level of safety for competing athletes, WAVE Events will allow programs to provide spotters at our competitions. We feel the program is more qualified to provide spotters because they are familiar with routine skills and safety concerns. The use of spotters is left to the discretion of the coach or gym owner. Teams may use up to 4 spotters for each performance; however, spotters are not required.

DEFINITION OF SPOTTER

Individuals on the competition floor are provided as a safety precaution to spot some aspects of a routine. Additional spotters:

- Should only be used during the stunt, pyramid, and/or basket toss section. Additional spotters are provided for added safety and should stand at the back of the floor when not spotting those sections.
- Will not touch skills being performed unless to save skills being performed. Additional spotters should only be used to prevent a fall to the competition floor. Any touch or assist to a skill that is not "falling" will be given a significant building fall deduction.
- They should be dressed to be presentable, professional, and distinguishable from the performing athletes.
- Should NOT verbally coach during the routine.
- They should not dress or act in a manner that distracts them from the athletes and their performance.
- Must be at least 18 years old and familiar with spotting the skills being executed by the performing team.
